

Wildwood

Wildwood / Thiy chum is the most northerly neighbourhood in the City of Powell River, located on the traditional territory of the Tla'amin / łaʔamen Nation. Perched above the north bank of the Powell River and flanked by Powell Lake and the Salish Sea. Small acreages, sweeping views and exceptional recreational opportunities provide a relaxing semi-rural lifestyle.

The Wildwood area also poses unique risks to residents and visitors that may cause an emergency evacuation. Most emergencies are small in scale, but some have the **potential to escalate quickly such as a wildfire**, which could impact everyone's safety in the area. It is crucial that **everyone understands the risk** and does their part to prevent fires.

The residents of Wildwood and neighbouring communities to the north rely on the Wildwood Bridge to access their homes, work, and essential services. It is important to drive and park vehicles responsibly in order to reduce congestion, especially in an evacuation situation, to allow unrestricted access for emergency vehicles and responders to and from the area.

Local Fire Rescue, RCMP, BC Ambulance Service, and qathet Hospital services are located within the City of Powell River and provide assistance to the qathet region.

Know the Risks.

Risks will vary throughout the region. Different safety measures will need to be taken for your home depending on the risks relevant to your area. Remember to think about all the different locations where you may be when considering risks. This could include home, work, school, driving or engaging in recreational activities.

Make Your Plan.

Work together with family, neighbours, and friends to make your home emergency plan specific for your home's location and local risks. Plan your method of transportation and two routes to a safe location using the evacuation map. Build a support network by coordinating plans with friends or family outside your immediate neighbourhood for possible lodging and family reunification, offering the same in return.

Preparedbc.ca has resources to help you prepare your own Home Emergency Plan.

Prepare a Grab-and-Go Bag.

List of items to take at the last minute:

- Wallet with identification, credit cards and cash
- House and vehicle keys
- Mobile phone and charger
- Glasses and contact lenses
- Medications, toiletries and personal hygiene items
- Mobility and medical devices (with written instructions if needed)

Items to put in your evacuation grab and go kit:

- A supply of non-perishable food, snacks and bottled water for each person in your household
- A copy of your emergency plan, including contact numbers and reunification plan
- Copies of important documents (prescription records, birth certificates, passports, insurance and bank records)
- Change of clothing including warm clothing (hat, mittens) and blanket
- First aid kit, radio and basic tools
- Crank or battery-operated flashlight(s) or candles with matches
- For Children:** diapers and wipes, clothing, snacks, activities and comfort items
- For Pets:** food, collar with ID tag, leash or carrier, blanket, and toy.

Know What to Do.

- You and your family should be prepared to be self-sufficient for at least seven (7) days after an emergency
- Know your hazards, make a plan, get prepared, and keep informed

DURING an Evacuation

- Evacuation notification may be delivered by door-to-door notice, Community Notification System, social media, emergency vehicle sirens or local radio broadcasts
- Follow instructions and advice of notifications and emergency responders to locate evacuation routes and safe locations within the timeframe specified
- Notify emergency responders if you or anyone in your household requires mobility assistance
- Prepare your home: Turn off and unplug all appliances. Lock up your home. If you have been instructed to do so, turn off all utilities at the main switches or valves including propane and water
- Take your grab-and-go bag and last minute items
- Take your pets and pet evacuation kit
- Refrain from using your phone except in case of an emergency. Leave the network open for emergency personnel use

AFTER an Evacuation

- Register as an evacuee. Registration instructions will be announced in the evacuation notification including how to access supports
- Stay connected and informed of current evacuation situation and when it is safe to return
- Upon your return, inspect your home cautiously and check for damage and hazards
- Call your insurance company: Document damage with photos and written notes, keep records of clean up and repair costs, as well as, hotels, meals, and travel expenses
- Clean your home as recommended by health officials

MAP LEGEND

- Community Facility - Italian Community Club Hall
- Boat Ramp
- Dock or Government Wharf
- Bridge
- Primary Evacuation Route
- Secondary Evacuation Route

Refer to the Powell River Community Evacuation Guide for more information.

This map is for reference only - Evacuation route and direction will depend on location, size and type of emergency situation.

Keep Informed.

Community Notification System

The Community Notification System can deliver critical, lifesaving notifications about an emergency by phone, email or text.

Scan this code or register today at qathet.ca

Know the **THREE KINDS** of Notices:

EVACUATION ALERT tells you to prepare for an evacuation and be ready to leave on short notice.

EVACUATION ORDER tells you to evacuate immediately. This may happen in circumstances where there is little or no time to notify, or following an Evacuation Alert.

SHELTER IN PLACE tells you to take immediate shelter and stay in the home or building where you are.
