Curren...

- The Board respectfully understands that the purpose of the Agricultural Land Commission is to preserve agricultural land and encourage farming;
- There is a well-documented need for seniors' affordable housing on Texada Island in the qathet Regional Housing Needs Report (Mar 2021), and TINSHS Texada Seniors Housing Needs Report (May 2023);
- There are currently no other available locations for seniors housing within walking distance of the Gillies Bay village that are not in the Agricultural Land Reserve or affected by natural hazard areas;
- The Land Capability for Agriculture Assessment states that the potential for agricultural use is constrained due to multiple and variable limitations to agriculture; and
- That the land will be used for forestry under the Private Managed Forest Act and not farming if the seniors housing project is not developed.
