

Electoral Area D:

Where do your taxes go?

Regional districts help communities by providing important services like clean water, parks, and fire protection, but they do not manage roads or policing.

Each regional district is different because it offers services based on what the people in the area determine they need. Certain services, including Regional Hospital District Financing, General Administration, Planning Services, Emergency Planning, and Solid Waste Management, are mandated services that all regional districts must provide.

All budget decisions and direction to staff are made by the Board of Directors through voting. See how your tax dollars support services in your area:

Each regional district service has its own budget, and only the participants of that service pay for it.

The main revenue source is property value tax, supplemented by parcel taxes and fees, with collection handled by provincial or municipal governments.

The qathet Regional District applies a standard 9% charge on the net operating budget of all services.
