

Woodland Cemetery Texada Island

Woodland Cemetery is located just south of the Community of Van Anda off Gillies Bay Road on Texada Island. This cemetery has graves dating back to the late 1800s, when the island was a whaling centre. A Community Society upgraded the site in 1958, with the materials and fabrication of the entrance gateway and sign donated by local individuals and businesses. The qathet Regional District took over administration and maintenance in 1977.
